Technical Drawing Package

Solar Eclipse Filter Sheet (EFS-SHT-TDP)

Document Title:	Technical Drawing Package
Product	EclipsePro Filter Sheet
Document No.:	EFS-SHT-TDP-001
Revision:	A
Date:	1/2/2026
Status:	FOR NOTIFIED BODY SUBMISSION

	Name	Signature	Date

Fabrication Specification (EFS-SHT-FAB-001)

VIEW 1: TOP-DOWN VIEW

VIEW 2: SECTION A-A

NOTES & SPECIFICATIONS:

1. MATERIAL: Polymer substrate with Aluminium Reflective Coating.

- Optical Density (OD) > 5.0.
- Certified to EN ISO 12312-2:2015.

2. ASSEMBLY ORIENTATION:

- **Aluminium (Reflective) Side:** Faces the Sun.
- **Black (Substrate) Side:** Faces the User/Eyes.

3. PROTECTIVE LINER:

- Removable clear liner applied to the Aluminium surface.
- Liner carries Safety & Regulatory markings (See Doc: EFS-SHT-MRK-001).

4. TOLERANCES:

- Linear Dimensions (W, H): $\pm 1.0\text{mm}$.
- Squareness: $\pm 1^\circ$.

5. QUALITY CONTROL:

- Optical surface must be free of scratches, pinholes, and delamination.
- **Edges must be clean cut and free of burrs.**

Dimension	Min	Max
Variable Width (W)	100mm (4")	305mm (12")
Variable Height (H)	100mm (4")	305 (12")
Thickness	0.12	N/A

STANDARD PRODUCT CONFIGURATIONS

Variant Code	Nominal Size (Metric)	Equivalent (Imperial)	Intended Use
EFS-SHT-1010	100mm x 100mm	4" x 4"	Camera / Small Telescope
EFS-SHT-1515	150mm x 150mm	6" x 6"	Medium Telescope / Binoculars
EFS-SHT-2020	200mm x 200mm	8" x 8"	Large Telescope
EFS-SHT-3030	300mm x 300mm	12" x 12"	Oversized / Custom Application
EFS-SHT-CUST	Custom*	Custom*	<i>Defined by Customer Order</i>

Marking Specification (EFS-SHT-MRK-001)

absolute
eclipse

Solar Eclipse Sheet
for direct sun observation

**REMOVE PROTECTIVE LINER BEFORE USE
THIS SIDE TOWARDS THE SUN**

(LV) ŠO PUSI VĒRST PRET SAULI

(DE) DIESE SEITE ZUR SONNE

(FR) CE CÔTÉ FACE AU SOLEIL

(ES) ESTE LADO HACIA EL SOL

(IT) QUESTO LATO VERSO IL SOLE

(NL) DEZE KANT NAAR DE ZON

Conforms to Regulation (EU) 2016/425 & EN ISO 12312-2:2015. CE Certified, Category II PPE.
MTIC Intercert S.r.l. Notified Body: 0068, Via G. Leopardi, 14 – 20123 Milan (MI) - Italy

Manufactured by SIA GRAVITIS ENTERPRISE LIMITED Lauku iela 7 - 4, Cēsis, LV-4101, Latvia

Marking Location

- **Primary Location:** Printed directly on the removable protective liner applied to the Silver (Sun-facing) side of the filter.
- **Secondary Location:** Repeated on the external retail packaging (Document PKG-SHEET-OUTER-001).

The following table defines each element present in the marking artwork and acknowledges the applicable regulatory requirement.

# Visual Element / Text	Description / Function	Regulatory Requirement / Acknowledgment
1 Brand Logo & Text "AbsoluteProduct Identification. Identifies the Eclipse" "Solar Eclipse Sheet" product type and brand family.	Critical Safety Instruction. Prevents the user from looking through the cloudy/printed liner, which would obscure vision and degrade optical quality.	Reg (EU) 2016/425, Art 8(6): Requirement to identify the product type/model.
2 PROTECTIVE LINER BEFORE USE"	Safety Imperative "REMOVE	EN ISO 12312-2, Clause 5(b): Instructions for use / warnings to ensure safe usage.
Orientation Instruction	Safety/Orientation Warning. Instructs the user to orient the reflective (Silver) side towards the radiation source to ensure proper thermal handling of the filter.	EN ISO 12312-2, Clause 5(b): Instructions for use. Necessary because the filter is asymmetric (Silver/Black).
3 "THIS SIDE TOWARDS THE SUN"	Pictogram Instructions. Visual reinforcement of the text instructions (1. Remove Liner, 2. Reflective side faces Sun) to aid comprehension independent of language.	Reg (EU) 2016/425, Annex II, 1.4: Manufacturer shall provide information... such information shall be clear and comprehensible.
Graphic Icons	Localization. Translation of the critical orientation instruction into the languages of the Target Member States.	Reg (EU) 2016/425, Art 8(7): Manufacturer shall ensure PPE is accompanied by instructions in a language easily understood by consumers...
4 (Peeling Hand & Sun Reflection)	Conformity Marking. Declaration that the product meets all applicable provisions of the PPE Regulation. Minimum height: 5mm.	Reg (EU) 2016/425, Art 16 & 17: General principles of the CE marking.
5 Translations (LV, DE, FR, ES, IT, NL)	Harmonised Standard. Identifies the specific technical standard the product claims compliance with.	Reg (EU) 2016/425: Requirement to presume conformity via Harmonised Standards.
6 CE Marking (Graphic Symbol)	PPE Category Declaration. Explicit statement of the legislation and Category (II) PPE status.	Good Practice: Reinforces the CE claim and clarifies the regulatory basis.
7 Standard Identification "ISO 12312-2:2015"	Surveillance Information. Identifies the body responsible for the EU Type-Examination (Module B) and conformity (Module C2/D).	Reg (EU) 2016/425: Required for Category II/III PPE to trace the certifying body.
Regulatory Text	Traceability.	Reg (EU) 2016/425, Art 8(6): Manufacturer name and postal address must be on the product or packaging.
8 "Conforms to Regulation (EU) 2016/425..."		
Notified Body Info		
9 "MTIC Intercert S.r.l. Notified Body: 0068..."		
10 Manufacturer Address "Cesis, Lauku iela 7..."		

Technical Parameters

- Dimensions:** Scalable vector artwork. **Minimum Constraint:** The "CE" mark shall never be rendered smaller than 5.0mm in vertical height, regardless of the sheet cut size.
- Color:** High-contrast opacity (White or Silver ink on Black background, or Black ink on Clear/Silver background) to ensure legibility.

- **Permanence:** The marking is "Permanent" in the sense that it accompanies the raw material until the moment of fabrication/usage, satisfying the traceability requirement for the supply chain.
